Forest Highlands Golf Club

Golf is much more than a game here. It provides the very context for a life that is defined both on the links and off. Forest Highlands Golf Club offers two award-winning championship courses the Canyon Course and the Meadow Course both designed by one of the legends of the game: Tom Weiskopf. Through his vision, course design has been transformed into an art form, with fairways and greens weaving seamlessly into the landscape. It's as if Mother Nature herself created these courses.
