Our story started with Erick Geryol working as a restaurant cook at what is now **Boulders on Broadway** Tempe back when it was a different company. Years later he came back and opened his dream neighborhood bar and grill. The dream has since grown to include Spokes on Southern and now **Boulders on Southern**. Along the way we have partnered up with likeminded owner operator Justin Bucknell a long time dirt bag rock climber turned restaurateur. A lot has changed for us all over the last 10 years but not our love of cooking

pizza, beer spending time with pals, or rock climbing (even if it is our kids doing the climbing now).

We hope to serve up some great food for all of our guests and provide a hangout for the neighborhood. If you have a chance to look around, check out the many pictures of travel and adventure sports, these are just a few of our great passions here. We have tried to include some of the unique foods that we have encountered during our adventures. Have a cold beer and enjoy a great pizza pie! Boulders is all about the food, craft beer, bike riding, rock climbing and adventure! With 20 draft handles and a huge variety of bottled and canned craft beer. Bring a friend and check out our selection. Park your ride inside (your bicycle, that is) grab a seat at the bar top or take a seat on the patio.
